The first public hearing is overseen by the Monroe County Planning and Zoning Board. The applicant will present the request and answer any questions from the Board. Anyone attending the meeting will also have an opportunity to speak for or against the application or ask any questions. The Planning and Zoning Board will then close the hearing and make a recommendation to either approve or deny the application. The second public hearing is governed by the Monroe County Board of Commissioners. The same process is followed as with the Planning and Zoning Board. Each side will have a total of fifteen (15) minutes to speak for or against. Please know that with any public hearing; sometimes, having a representative from your side of being in opposition or in acceptance of the application calls for a more efficient meeting. When the hearing is closed, the Commissioners will also vote to approve or deny the application based on *Section 94 of the Zoning Ordinance*, generally referred to as *Standards of Decision*. This vote is final although the applicant does have the right to appeal.

If you have any questions about the application or the process, please contact me at 478-994-7040 or email me at kfortner@monroecoga.org. Our website can be accessed at any time and will have information on this request along with all other zoning applications in motion at this time.
