Subject: Cherish Taylor-Signing On with Monroe County

Monroe County has had a great opportunity to partner with the Board of Education in their trade/work program. Cherish Taylor has worked part-time with Kim Stokes department since February 2026 which was the last semester of her senior year. She is currently working at the landfill. From my understanding she really enjoys her job! And she is interested in coming to work for Monroe County full-time.

Therefore, Kim Stokes will be recognizing Cherish Taylor at our May 19, 2026, Board of Commissioners meeting to sign her up as a full-time employee. Monroe County is very excited Cherish is joining the Monroe County workforce.

Regards,

Lorri Byrd
