Good morning! At the last board meeting the Hospital Authority Board decided to remove Dennis Kent from the board due to not meeting the attendance requirements. I've attached the letter from the board where they voted to remove Dennis.

I've also attached 2 letters of interest from community members for the Board of Commissioners to review for consideration as a replacement to the Hospital Authority Board.

Also, do you mind sending us the letter of reappointment for Stan Hall, he was reappointment back in January.

Please let me know if you have any additional questions. Have a great rest of your week!

Thank you!

Casey

Dear Members of the Board:

I am writing to express my sincere interest in serving on the Hospital Authority Board at Monroe County Hospital. As a parent of a daughter with cerebral palsy, I have gained firsthand experience and understanding of the unique needs of patients and families who rely on compassionate, accessible, and high-quality care, especially for special needs individuals who have complex medical circumstances.

Through my personal journey, I have developed a deep appreciation for the critical role hospitals play not only in treatment, but also in advocacy, support, and long-term care coordination. I believe that my perspective as a caregiver would allow me to contribute meaningfully to Board discussions, particularly in areas related to patient experience, accessibility, and family-centered care.

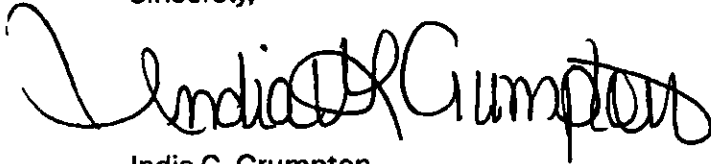

As the Branch Manager at Robins Financial Credit Union here in Forsyth, I serve as an ambassador for our organization, and I am looking for ways to make positive impacts on our community--not only on a business level but also on a personal level. I have been involved in the local non-profit organization, Anchor of Hope, since 2022. We help provide support for families with individuals that have developmental disabilities by providing scholarships to help with purchasing equipment or covering costs of any therapy services

needed. I currently hold the position of Vice Chair, and I believe that my experience with this organization could also complement my involvement on the Hospital Authority Board.

In closing, it would be an honor to serve and contribute to the continued growth and excellence of Monroe County Hospital. Thank you for considering my interest in being involved.

Sincerely,

Dear Ms Fleckenstein,

I am writing to express my sincere interest in serving on the Hospital Authority of Monroe County board for your hospital. With more than 20 years of executive leadership experience in higher education, community engagement, and cross-sector partnership development, I bring a strong commitment to advancing organizational excellence, improving community health outcomes, and strengthening access to care.

In my current role as Director for Strategic Initiatives at Central Georgia Technical College, I collaborate with executive leadership, healthcare systems, and regional school districts to expand workforce pathways and develop innovative programs, including Georgia's first regional STEM and Allied Health Academy. This work has allowed me to build meaningful partnerships that align education, workforce development, and healthcare needs—an intersection that is critical to the long-term success and sustainability of health systems.

My professional experience is complemented by extensive board service and community leadership. As Chair of the Board of Directors for Big Brothers Big Sisters Heart of Georgia, I provide governance oversight, strategic direction, and fundraising leadership to advance youth mentorship initiatives. I have also served on multiple nonprofit boards, contributing to organizational sustainability, community collaboration, and cultural enrichment. These experiences have strengthened my ability to support fiduciary responsibility, strategic planning, and mission-driven decision-making.

I am also deeply committed to public health advocacy. During the COVID-19 pandemic, I served as a Community Health Coordinator, organizing vaccination efforts and supporting health education initiatives across Middle Georgia. This experience reinforced my dedication to improving health equity, expanding access to care, and engaging communities in proactive health practices.

My leadership is grounded in servant leadership principles, with a focus on collaboration, accountability, and measurable impact. I am particularly passionate about initiatives that address healthcare access, workforce development in allied health professions, and community-based health education. I believe these priorities align closely with the mission of your organization and the evolving needs of the communities it serves.

I would be honored to contribute my experience, perspective, and commitment to service as a member of your Board. Thank you for considering my application. I welcome the opportunity to further discuss how my background and leadership experience can support your organization's mission and strategic goals.

Sincerely,

Dr. Tatrabian D. Jackson
